## PROXY STATEMENT

### FOR THE 2022 ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 14, 2022

#### GENERAL INFORMATION

This Proxy Statement and related materials are available to you on the Internet, or at your request printed versions will be delivered to you by mail, in connection with the board of directors' solicitation of proxies for our 2022 Annual Meeting of Stockholders (the "**Annual Meeting**"), and any adjournment of the Annual Meeting. If you requested printed versions of these materials by mail, they will also include a proxy card for the Annual Meeting.

The Annual Meeting will be held at 12:30 p.m. Eastern Time via the Internet at [www.virtualshareholdermeeting.com/SCPH2022](http://www.virtualshareholdermeeting.com/SCPH2022) due to the continuing concerns resulting from the COVID-19 pandemic, including recent increases in case numbers. This Proxy Statement is being made available to stockholders beginning on April 28, 2022.

Pursuant to rules adopted by the Securities and Exchange Commission (the "**SEC**"), we are providing access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "**Notice**") to our stockholders of record and beneficial owners as of the record date identified below. The mailing of the Notice to our stockholders is scheduled to begin on or about April 28, 2022.

**IMPORTANT NOTICE REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL STOCKHOLDERS MEETING TO BE HELD ON JUNE 14, 2022:** *This proxy statement, the accompanying proxy card or voting instruction card and our Annual Report on Form 10-K for the fiscal year ended December 31, 2021 (the "Annual Report on Form 10-K") are available at [www.proxyvote.com](http://www.proxyvote.com).*

In this Proxy Statement the terms "scPharma," the "Company," "we," "us," and "our" refer to scPharmaceuticals Inc. The mailing address of our principal executive offices is scPharmaceuticals Inc., 2400 District Ave., Suite 310, Burlington, MA 01803.

**Record Date:** April 18, 2022

**Quorum:** A majority of the shares of all issued and outstanding stock entitled to vote on the record date must be present or represented by proxy to constitute a quorum. Under the General Corporation Law of the State of Delaware, shares that are voted "abstain" or "withheld" and broker "non-votes" are counted as present for purposes of determining whether a quorum is present at the Annual Meeting. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

**Shares Outstanding:** There were 27,371,488 shares of common stock outstanding as of April 18, 2022. Therefore, a quorum will be present if 13,685,745 shares of our common stock are present in person or represented by executed proxies timely received by us at the Annual Meeting.

**Voting:** There are four ways a stockholder of record can vote:

- (1) By Internet: You may vote over the Internet prior to the Annual Meeting by following the instructions provided in the Notice or, if you requested to receive your proxy materials by U.S. mail, by following the instructions on the proxy card.

- (2) By Telephone: If you requested to receive your proxy materials by U.S. mail, you may vote by telephone prior to the Annual Meeting by following the instructions on the proxy card.
- (3) By Mail: If you requested to receive your proxy materials by U.S. mail, you may complete, sign and return the accompanying proxy card prior to the Annual Meeting in the postage-paid envelope provided.
- (4) During the Annual Meeting: If you are a stockholder as of the record date, you may vote during the Annual Meeting by going to [www.virtualshareholdermeeting.com/SCPH2022](http://www.virtualshareholdermeeting.com/SCPH2022). You will need the 16-digit control number included on your proxy card. Submitting a proxy prior to the Annual Meeting will not prevent stockholders from attending the Annual Meeting, revoking their earlier-submitted proxy, and voting at the Annual Meeting.

In order to be counted, proxies submitted by telephone or Internet prior to the Annual Meeting must be received by 11:59 p.m. Eastern Time on June 13, 2022. Proxies submitted by U.S. mail must be received before the start of the Annual Meeting.

If you hold your shares through a bank or broker, please follow their instructions.

### **Virtually Attending the Annual Meeting**

To attend and participate in the Annual Meeting, stockholders will need to access the live webcast of the meeting. To do so, stockholders of record will need to visit [www.virtualshareholdermeeting.com/SCPH2022](http://www.virtualshareholdermeeting.com/SCPH2022) and enter the control number provided in the Notice for the Annual Meeting at or prior to June 14, 2022 at 12:30 p.m. Eastern Time, and beneficial owners of shares held in street name will need to follow the instructions provided in the voting instructions form by the broker, bank or other nominee that holds their shares.

The live webcast of the Annual Meeting will begin promptly at 12:30 p.m. Eastern Time on June 14, 2022. We encourage stockholders to login to this website and access the webcast before the Annual Meeting's start time by following the instructions in the Notice. You should allow ample time in advance of the meeting.

Additionally, questions regarding how to attend and participate via the Internet can be answered by following the assistance instructions included at [www.virtualshareholdermeeting.com/SCPH2022](http://www.virtualshareholdermeeting.com/SCPH2022).

Questions related to substantive matters of business may be asked during the meeting using the questions and answers tool on the Virtual Shareholder Meeting platform landing page. If you wish to submit a question during the Annual Meeting, you may log into, and submit a question on, the virtual meeting platform at [www.virtualshareholdermeeting.com/SCPH2022](http://www.virtualshareholdermeeting.com/SCPH2022) and following the instructions there. Our Annual Meeting will be governed by the Annual Meeting's Rules of Conduct, which will address the ability of stockholders to ask questions during the meeting and rules for how questions will be recognized and addressed. The Annual Meeting's Rules of Conduct will be available on [www.virtualshareholdermeeting.com/SCPH2022](http://www.virtualshareholdermeeting.com/SCPH2022) immediately prior to and during the Annual Meeting.

**Technical Issues**

If you encounter any difficulties accessing the virtual meeting during the check-in or meeting time, please refer the toll-free support numbers on [www.virtualshareholdermeeting.com/SCPH2022](http://www.virtualshareholdermeeting.com/SCPH2022) as indicated on the proxy card.

**Revoking Your Proxy**

Stockholders of record may revoke their proxies by attending and voting at the Annual Meeting, by delivering an instrument in writing revoking the proxy, by delivering another duly executed proxy bearing a later date to our Corporate Secretary before the vote is counted or by voting again using the telephone or Internet before the cutoff time (your latest telephone or Internet proxy is the one that will be counted). If you hold shares through a bank or broker, you may revoke any prior voting instructions by contacting that firm.

**Votes Required to Adopt Proposals**

Each share of our common stock outstanding on the record date is entitled to one vote on any proposal presented at the Annual Meeting:

For Proposal One, the election of directors, the three nominees receiving the plurality of votes properly cast will be elected as directors. You may vote for all the nominees, withhold authority to vote your shares for all the nominees or withhold authority to vote your shares with respect to any one or more of the nominees.

For Proposal Two, a majority of the votes properly cast is required to ratify the appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022.

**Effect of Abstentions and Broker Non-Votes**

Votes withheld from any nominee, abstentions, and “broker nonvotes” (*i.e.*, where a broker has not received voting instructions from the beneficial owner and for which the broker does not have discretionary power to vote on a particular matter) are counted as present for purposes of determining the presence of a quorum. Shares voting “withheld” and broker non-votes have no effect on the election of directors. Abstentions and broker non-votes have no effect on the ratification of the appointment of RSM US LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022. The ratification of the appointment of RSM US LLP is considered to be a discretionary item, and your brokerage firm will be able to vote on this proposal even if it does not receive instructions from you.

**Voting Instructions**

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how your shares should be voted on each item, the persons named as proxies will vote FOR the election of the nominees for director and FOR the ratification of the appointment of RSM US LLP as our independent registered public accounting firm. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment, although we have not received timely notice of any other matters that may be properly presented for voting at the Annual Meeting.

**Voting Results**

We will announce preliminary results at the Annual Meeting. We will report final results by filing a Form 8-K within four business days after the Annual Meeting. If final results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

**Additional Solicitation/Costs**

We are paying for the distribution of the proxy materials and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the proxies. Our directors, officers, and employees may also solicit proxies on our behalf in person, by telephone, email or facsimile, but they do not receive additional compensation for providing those services.

**Emerging Growth Company**

We are an “emerging growth company” as defined in the Jumpstart Our Business Startups Act of 2012 and, as such, have elected to comply with certain reduced public company reporting requirements. These reduced reporting requirements include reduced disclosure about our executive compensation arrangements and no non-binding advisory vote by our stockholders on executive compensation. We will remain an emerging growth company until the earlier of (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of our initial public offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of June 30<sup>th</sup> of the prior year, and (2) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

**Householding**

Some banks, brokers, and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of the Notice, Proxy Statement, and Annual Report on Form 10-K, as applicable, is being delivered to multiple stockholders sharing an address unless we have received contrary instructions. We will promptly deliver a separate copy of any of these documents to you if you write to us at scPharmaceuticals Inc., 2400 District Ave., Suite 310, Burlington, MA 01803, Attn: Investor Relations, or call 617-517-0730.

If you want to receive separate copies of the Notice, Proxy Statement, or Annual Report on Form 10-K in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address or telephone number.

## Nominees

Based on the recommendation of the nominating and corporate governance committee of our board of directors, our board of directors has nominated Mette Kirstine Agger, Minnie Baylor-Henry and William T. Abraham, M.D. for election as directors each to serve for a three-year term ending at the 2025 annual meeting or until his or her successor is elected and qualified or until his or her earlier death, resignation or removal. Mette Kirstine Agger, Minnie Baylor-Henry and William T. Abraham, M.D. are current members of our board of directors.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received “for” the election of each nominee. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present board of directors. In the alternative, the proxies may vote only for the remaining nominees, leaving a vacancy on the board of directors. The board of directors may fill such vacancy at a later date or reduce the size of the board of directors. We have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

## **Recommendation of the Board of Directors**

### **THE BOARD RECOMMENDS THAT YOU VOTE “FOR” THE ELECTION OF EACH OF THE NOMINEES NAMED BELOW.**

The biographies of each of the nominees and continuing directors below contain information regarding each such person's service as a director, business experience, public director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused the nominating and corporate governance committee to determine that the person should serve as a director of the Company. In addition to the information presented below regarding each such person's specific experience, qualifications, attributes and skills that led the board of directors and its nominating and corporate governance committee to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our Company and our board of directors. Finally, we value our directors' experience in relevant areas of business management and on other boards of directors and board committees.

Our corporate governance guidelines also dictate that a majority of the board of directors be comprised of independent directors whom the board of directors has determined have no material relationship with the Company and who are otherwise “independent” directors under the published listing requirements of Nasdaq. The Company has determined that, with the exception of John H. Tucker, our president and chief executive officer, all of our other directors qualify as “independent” directors.

### **Nominees for Election as Class II Directors for a Three-Year Term**

*Mette Kirstine Agger* has served as a member of our board of directors since March 2014. Ms. Agger currently serves as Senior Advisor at Lundbeckfonden BioCapital and previously served for 12 years, from September 2009 to April 2022, as a managing partner of Lundbeckfonden Ventures (“Lundbeckfonden”), a life science venture fund, and as part of the management at Lundbeckfonden. ## CORPORATE GOVERNANCE

### Meetings of the Board of Directors

Our board of directors held four regular meetings in 2021 and took action three times by unanimous written consent. During their respective terms of service, each director attended at least 75% of all meetings of the board of directors and the committees on which they then served. Under our corporate governance guidelines, directors are expected to be active and engaged in discharging their duties and to keep themselves informed about our business and operations. Directors are also expected to attend our annual meetings of stockholders, all meetings of the board of directors and all meetings of the committees on which they serve. All directors then in office attended the 2021 Annual Meeting of Stockholders.

### Code of Business Conduct and Ethics

We are committed to the highest standards of integrity and ethics in the way we conduct our business. Our board of directors adopted a Code of Business Conduct and Ethics, which applies to our directors, officers and employees, including our chief executive officer and our other executive and senior officers. Our Code of Business Conduct and Ethics establishes our policies and expectations with respect to a wide range of business conduct, including the preparation and maintenance of our financial and accounting information, our compliance with laws, and possible conflicts of interest.

Under our Code of Business Conduct and Ethics, each of our directors and employees is required to report suspected or actual violations to the extent permitted by law. In addition, we have adopted separate procedures concerning the receipt and investigations of complaints relating to accounting or audit matters. These procedures have been adopted by the board of directors and are administered by our audit committee.

A current copy of our Code of Business Conduct and Ethics is posted on the Corporate Governance section of our website, which is located at [www.scpharmaceuticals.com](http://www.scpharmaceuticals.com). If we make any substantive amendments to, or grant any waivers from, the Code of Business Conduct and Ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

### Environmental, Social and Governance (“ESG”)

A continued area of focus for our board of directors has been our ESG-related practices which are integrated into our business strategy and planning including patient access to medicines, product safety, human capital management, and ethics and compliance. These are among the areas of focus that are critical to our long-term success and resiliency. We are therefore committed to increasing our transparency and further identifying issues that may have a material effect on corporate strategy, risks, opportunities or performance.

**Patient Access and Safety.** As a company, we are committed to patient access and affordability and to reducing the systemic financial and physical constraints inherent in the highest-cost setting for treatment of heart failure. The work we do in developing our lead program is to improve the lives of patients, including those in underrepresented populations that can be disproportionately affected by heart disease. We also take steps to monitor safety in product manufacturing and in clinical trials, and to strive for a diverse representation of patients who participate in these trials.

**Human Capital Management.** Our future success depends on our ability to attract, develop and retain key personnel, maintain our culture, and ensure diversity and inclusion in our board of directors, management and broader workforce. As these areas directly impact our ability to compete and innovate, they are key focus areas for our board of directors and senior executives. A testament to our strong culture is our second year in a row earning a spot on Boston Business Journal’s Best Places to Work list for companies of our size.

**Ethics and Compliance.** We continue to strengthen corporate compliance in advance of commercialization through our commitment to honest and ethical conduct and with clear oversight and accountability from senior executives and directors. Our internal policies are based on industry-standard principles for behavior in this area.

This also includes annual training on our Code of Business Conduct and Ethics, which outlines our commitment to ethical business practices and applies to all of our employees, officers and directors.

### **Policy on Trading, Pledging and Hedging of Company Stock**

Certain transactions in our securities (such as purchases and sales of publicly traded put and call options, and short sales) create a heightened compliance risk or could create the appearance of misalignment between management and stockholders. In addition, securities held in a margin account or pledged as collateral may be sold without consent if the owner fails to meet a margin call or defaults on the loan, thus creating the risk that a sale may occur at a time when an officer or director is aware of material, non-public information or otherwise is not permitted to trade in Company securities. Our insider trading policy expressly prohibits short sales and, without prior approval, derivative transactions of our stock by our executive officers, directors and specified other employees and their respective affiliates, purchases or sales of puts, calls or other derivative securities of the Company or any derivative securities that provide the economic equivalent of ownership of any of our securities or an opportunity, direct or indirect, to profit from any change in the value of our securities, or other hedging transactions. In addition, our insider trading policy expressly prohibits our executive officers, directors and specified other employees and their respective affiliates from borrowing against Company securities held in a margin account, or, without prior approval, pledging our securities as collateral for a loan.

### **Independence of the Board of Directors**

Consistent with our corporate governance guidelines and Nasdaq rules, our board of directors has determined that, as of the date of this Proxy Statement, all of the members of our board of directors excluding John H. Tucker, our president and chief executive officer, are “independent.” In addition, all members of the audit, compensation and nominating and corporate governance committees, satisfy the applicable independence criteria of the SEC and Nasdaq.

### **Identifying and Evaluating Director Nominees**

The board of directors is responsible for selecting its own members. The board of directors delegates the selection and nomination process to the nominating and corporate governance committee, with the expectation that other members of the board of directors, and management, will be requested to take part in the process as appropriate.

Generally, the nominating and corporate governance committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisors, through the recommendations submitted by stockholders or through such other methods as the nominating and corporate governance committee deems to be helpful to identify candidates. Once candidates have been identified, the nominating and corporate governance committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the nominating and corporate governance committee. The nominating and corporate governance committee may gather information about the candidates in connection with its evaluation of a director candidate, including through candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm, or reliance on the knowledge of the members of the nominating and corporate governance committee, the board of directors or management. The nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the board of directors. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the board of directors' approval as director nominees for election to the board of directors.

We engaged, for a fee, a third-party search firm to assist the nominating and corporate governance committee with identifying candidates for the Company, including Dr. Abraham, who was appointed to the board of directors in February 2021.

## **Minimum Qualifications**

The nominating and corporate governance committee will consider, among other things, the following qualifications, skills and attributes when recommending candidates for the selection as nominees for the board of directors and as candidates for appointment to the board of directors' committees: Each nominee shall have high standards of personal and professional ethics and integrity, shall have proven achievement and competence in the nominee's field and the ability to exercise sound business judgment, shall have skills that are complementary to those of the existing board of directors, shall have the ability to assist and support management and make significant contributions to the Company's success and shall have an understanding of the fiduciary responsibilities that is required of a member of the board of directors and the commitment of time and energy necessary to diligently carry out those responsibilities. The nominating and corporate governance committee also recommends candidates to the board of directors for appointment to the committees of the board of directors. Once appropriate candidates have been identified, the entire board of directors votes on the candidates for appointment to the respective committees.

In evaluating proposed director candidates, the nominating and corporate governance committee will consider, in addition to the minimum qualifications and other criteria for board of directors membership approved by the board of directors from time to time, the current size and composition of the board of directors, the needs of the board of directors and the respective committees, and such factors as character, integrity, judgment, diversity, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of the Company's business and industry, other commitments and the like and any other factors that the nominating and corporate governance committee may consider appropriate. The nominating and corporate governance committee does not have a formal diversity policy and does not follow any ratio or formula with respect to diversity in order to determine the appropriate composition of the board of directors, although the nominating and corporate governance committee and the full board of directors are committed to creating a board of directors with diversity, including diversity of expertise, experience, background, race, ethnicity and gender, and are committed to identifying, recruiting and advancing candidates offering such diversity in future searches.

## **Stockholder Recommendations**

Stockholders may submit recommendations for director candidates to the nominating and corporate governance committee by sending the individual's name and qualifications to our Corporate Secretary at scPharmaceuticals Inc., 2400 District Ave., Suite 310, Burlington, MA 01803, who will forward all recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

## **Stockholder Communications**

The board of directors provides to every stockholder the ability to communicate with the board of directors, as a whole, and with individual directors on the board of directors through an established process for stockholder communication. For a stockholder communication directed to the board of directors as a whole, stockholders may send such communication to the attention of the Chair of the Board of Directors via U.S. Mail or Expedited Delivery Service to: scPharmaceuticals Inc., 2400 District Ave., Suite 310, Burlington, MA 01803, Attn: Chair of the Board of Directors.

For a stockholder communication directed to an individual director in his capacity as a member of the board of directors, stockholders may send such communication to the attention of the individual director via U.S. Mail or Expedited Delivery Service to: scPharmaceuticals Inc., 2400 District Ave., Suite 310, Burlington, MA 01803, Attn: [Name of Individual Director].

We will forward by U.S. Mail any such stockholder communication to each director, and the Chair of the Board in his capacity as a representative of the board of directors, to whom such stockholder communication is addressed to the address specified by each such director and the Chair of the Board, unless there are safety or security concerns that mitigate against further transmission.

## **Board Leadership Structure and Board's Role in Risk Oversight**

Currently, the role of chairman of the board is separated from the role of chief executive officer, and we plan to keep these roles separated. We believe that separating these positions allows our chief executive officer to focus on our day-to-day business, while allowing the chairman of the board to lead the board of directors in its fundamental role of providing advice to and independent oversight of management. Our board of directors recognizes the time, effort and energy that the chief executive officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our chairman, particularly as the board of directors' oversight responsibilities continue to grow. While our bylaws and corporate governance guidelines do not require that our chairman and chief executive officer positions be separate, our board of directors believes that having separate positions is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including risks relating to our financial condition, development and commercialization activities, operations, strategic direction and intellectual property as more fully discussed under "Risk Factors" in our Annual Report on Form 10-K. Management is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our board of directors oversees the management of risks inherent in the operation of our business and the implementation of our business strategies. Our board of directors performs this oversight role by using several different levels of review. In connection with its reviews of the operations and corporate functions of our Company, our board of directors addresses the primary risks associated with those operations and corporate functions. In addition, our board of directors reviews the risks associated with our business strategies periodically throughout the year as part of its consideration of undertaking any such business strategies.

Each of our board committees also oversees the management of our risk that falls within the committee's areas of responsibility. In performing this function, each committee has full access to management, as well as the ability to engage advisors. In connection with its risk management role, our audit committee meets privately with representatives from our independent registered public accounting firm. The audit committee oversees the operation of our risk management program, including the identification of the primary risks associated with our business and periodic updates to such risks, and reports to our board of directors regarding these activities.

## **Risks Related to Compensation Policies and Practices**

In establishing and reviewing our compensation philosophy and programs, we consider whether such programs encourage unnecessary or excessive risk taking. We believe that our executive compensation program does not encourage excessive or unnecessary risk taking. This is primarily due to the fact that our compensation programs are designed to encourage our executive officers and other employees to remain focused on both short-term and long-term strategic goals. As a result, we do not believe that our compensation programs are reasonably likely to have a material adverse effect on us.

## **Board Committees**

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee, each of which has the composition and responsibilities described below. The audit committee, compensation committee and nominating and corporate governance committee all operate under charters reviewed annually by the respective committees and approved by our board of directors (copies of which can be found on our website at [www.scpharmaceuticals.com](http://www.scpharmaceuticals.com) under "Investor Relations - Corporate Governance").

### ***Audit Committee***

Mr. Hudson, Ms. Bonstein and Ms. Baylor-Henry serve on the audit committee, which is chaired by Mr. Hudson. Our board of directors has designated Mr. Hudson as an “audit committee financial expert,” as defined under the applicable rules of the SEC. ## PROPOSAL TWO - RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has appointed RSM US LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2022. The Company is asking our stockholders to ratify the audit committee's selection of RSM US LLP as our independent auditors for the 2022 fiscal year. RSM US LLP has audited our financial statements for each fiscal year since 2013.

The audit committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and our Company and any disclosed relationships or services that may impact the objectivity and independence of our independent registered public accounting firm, and the independent registered public accounting firm's performance. As a matter of good corporate governance, the board of directors determined to submit to stockholders for ratification the appointment of RSM US LLP. A majority of the votes properly cast is required in order to ratify the appointment of RSM US LLP. In the event that a majority of the votes properly cast do not ratify this appointment of RSM US LLP, the audit committee will consider this factor when making any determinations regarding RSM US LLP.

We expect that a representative of RSM US LLP will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

### Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

In connection with our initial public offering in 2017, we adopted a policy under which the audit committee is directly responsible for pre-approving all audit and permissible non-audit services to be provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

In addition, in the event time constraints require pre-approval prior to the audit committee's next scheduled meeting, the audit committee has authorized its chairman to pre-approve services. Engagements so pre-approved are to be reported to the audit committee at its next scheduled meeting.

### Audit Fees

The following table sets forth the fees billed by RSM US LLP for audit, audit-related, tax and all other services rendered to the Company for fiscal years 2021 and 2020:

|                    | 2021              | 2020              |
|--------------------|-------------------|-------------------|
| Audit Fees         | \$ 186,900        | \$ 184,800        |

| Total              | <u>\$ 245,650</u> | <u>\$ 266,050</u> |

*Audit Fees.* Audit fees consist of fees billed for the audit of our annual financial statements and the review of the interim financial statements.

## EXECUTIVE COMPENSATION

### Compensation Overview

This compensation overview, which should be read together with the compensation tables set forth below, provides information regarding our executive compensation program for employees at the level of senior vice president or above for 2021. John H. Tucker, our president and chief executive officer, and Rachael Nokes, our senior vice president of finance and principal accounting officer, are referred to as our named executive officers for 2021.

### Setting Executive Compensation

Our board of directors and compensation committee review executive compensation annually. In setting executive base salaries and bonuses and granting equity incentive awards, we consider compensation for comparable positions in the market, the historical compensation levels of our executives, individual performance as compared to our expectations and objectives, our desire to motivate our employees to achieve short-term and long-term results that are in the best interests of our stockholders, and a long-term commitment to our Company.

Our compensation committee reviews and discusses management's proposed compensation with the chief executive officer for all of our employees at the level of senior vice president or above other than the chief executive officer. Based on those discussions, without members of management present, the compensation committee approves the compensation of our executive officers and certain other senior employees. We retain the services of Pearl Meyer, as external compensation consultants and consider Pearl Meyer's input on certain matters we deem appropriate. Pearl Meyer served at the discretion of the compensation committee and did not provide any other services to the Company during fiscal year 2021 other than those for which they were engaged by the compensation committee. Our compensation committee requires that its compensation consultants be independent of Company management and performs an annual assessment of the compensation consultants' independence to determine whether the consultants are independent. Our compensation committee has determined that Pearl Meyer is independent and that its work has not raised any conflict of interests.

We have not adopted any formal guidelines for allocating total compensation between long-term and short-term compensation, cash compensation and non-cash compensation, or among different forms of non-cash compensation.

### *Role of the Compensation Committee*

The compensation committee, which is comprised entirely of independent directors, reviews the compensation packages for our named executive officers, including an analysis of all elements of compensation separately and in the aggregate.

In reviewing and approving these matters, our compensation committee considers such matters as it deems appropriate, including our financial and operating performance, the alignment of the interests of our executive officers and our stockholders and our ability to attract and retain qualified and committed individuals, as well as the executive's performance, experience, responsibilities and the compensation of executive officers in similar positions at comparable companies.

Specific achievements and performance metrics considered in 2021 included:

- continued advancement of our lead programs;
- maintaining budgetary alignment and ending the year within budget;
- continued oversight of our management team; and
- maintaining budgetary oversight of employee retention and reduction in benefit plans.

### ***Role of Management***

Our chief executive officer assists the compensation committee in identifying the key performance and incentive measures that may be used in setting annual cash performance bonus opportunities and also provides input on key contributors and performers within the Company so as to ensure their compensation accurately reflects their responsibilities, performance, experience levels and expected future contributions. Although our chief executive officer does not participate in decisions involving his own compensation, his recommendations and input, along with input from other executive officers, are often taken into consideration by the compensation committee when making compensation decisions.

### ***Role of Compensation Consultant***

Our compensation committee has engaged Pearl Meyer, an independent executive compensation consultant, to provide guidance with respect to the development and implementation of our compensation programs.

Our compensation committee requires that its compensation consultants be independent of Company management. We do not believe the retention of, and the work performed by Pearl Meyer creates any conflicts of interest. During 2021, Pearl Meyer did not provide services to us other than the services to our compensation committee described in this proxy statement.

In 2021, Pearl Meyer assisted the compensation committee as follows:

- reviewing competitive compensation analyses for the Company's executive management team, including our named executive officers and senior vice presidents, and
- providing consulting support for 2021 executive compensation actions.

### ***Elements of Compensation***

#### ***Base salary***

Our compensation committee or our board of directors reviews the base salaries of employees at the level of senior vice president and above, from time to time and makes adjustments as it determines to be reasonable and necessary to reflect the scope of an executive officer's performance, contributions, responsibilities, experience, prior salary level, position (in the case of a promotion) and market conditions.

During 2021, the annual base salaries for each of Mr. Tucker and Ms. Nokes were \$550,000 and \$340,563, respectively. Effective January 1, 2022, Mr. Tucker and Ms. Nokes' annual base salaries were increased to \$580,250 and \$360,486, respectively.

#### ***Annual performance bonuses***

We also believe that a significant portion of our executives' cash compensation should be based on the attainment of business goals established by our board of directors or the compensation committee. Each of our named executive officers participated in our 2021 Senior Executive Cash Incentive Bonus Plan ("**2021 Bonus Plan**"). The 2021 Bonus Plan provides for formula-based incentive payments based upon the achievement of certain corporate and individual performance goals and objectives approved by our board of directors and compensation committee, respectively. We typically establish bonus targets for our named executive officers and conduct an annual performance review process to serve as the basis for determining eligibility for any such bonuses. Among the key parameters that typically are the basis for such bonus determinations are our achievement of overall corporate goals and the achievement of specified goals and objectives by each individual employee. With respect to performance in fiscal year 2021, the target bonus opportunity as a percentage of base salary for each of Mr. Tucker and Ms. Nokes were 50% and 30%, respectively.

All final bonus payments to our named executive officers, if any, are determined by our compensation committee, which retains full discretion to adjust individual actual bonus awards based on the achievement of corporate and individual performance objectives, and may also adjust bonus awards based on other factors in their discretion.

For 2021, the corporate performance objectives generally fell into the categories of regulatory achievements, lifecycle management, fiscal management, and operational execution. The compensation committee determined the Company met corporate goals at 60%. For 2021, we awarded bonuses to Mr. Tucker and Ms. Nokes in the amounts of \$165,000 and \$61,301, respectively.

### ***Equity-based compensation***

Equity-based compensation is an integral part of our overall compensation program. Providing named executive officers with the opportunity to create significant wealth through stock ownership is a powerful tool to attract and retain highly-qualified executives, achieve strong long-term stock price performance, align our executives' interests with those of our stockholders and provide a means to build real ownership in the Company. In addition, the vesting feature of our equity grants contributes to executive retention. We have historically granted equity awards to our employees, including our named executive officers, in the form of options to purchase shares of our common stock and restricted stock units, and in 2021, we added performance based option grants as part of our compensation program.

During the fiscal year ended December 31, 2021, we granted stock options to each of our named executive officers, as shown in more detail in the "Outstanding Equity Awards at Fiscal Year-End 2021" table below.

### ***401(k) Plan***

We maintain a 401(k) retirement plan that is intended to be a tax-qualified defined contribution plan under Section 401(k) of the Internal Revenue Code. All participants' interests in their contributions are 100% vested when contributed. Pre and post-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. All of our employees are eligible to participate in the 401(k) plan beginning on the first day of the calendar month after commencement of their employment. The 401(k) plan includes a salary deferral arrangement pursuant to which participants may elect to reduce their current compensation by up to the statutorily prescribed limit, equal to \$19,500 (an additional \$6,500 in contributions is allowed for participants age 50 and over) in 2021, and have the amount of the reduction contributed to the 401(k) plan. We also match employee contributions to the 401(k) plan equal to 100% on the first 3% of compensation deferred as an elective deferral and an additional 50% on the next 2% of compensation deferred as an elective deferral.

### ***Health and Welfare Benefits***

All of our full-time employees, including our executive officers are eligible to participate in certain medical, disability and life insurance benefit programs offered by us. We pay the premiums for term life insurance and disability for all of our employees, including our executive officers. We do not sponsor any qualified or non-qualified defined benefit plans for any of our employees or executives.

### ***Retention Bonuses***

Retention bonuses are a tool used as a targeted payment, in addition to base salary, as an incentive to retain key employees during particular crucial business periods. In February 2019 a retention bonus, payable as soon as practicable after February 25, 2021, was offered to key personnel including our named executive officers following a reduction in force. Terms of the retention bonus required employment as of the payable date of February 25, 2021. We awarded retention bonuses to Mr. Tucker and Ms. Nokes in the amounts of \$128,812 and \$84,240, respectively.

### John H. Tucker

Effective upon the closing of our initial public offering in November 2017, we entered into a second amended and restated employment agreement with Mr. Tucker, pursuant to which Mr. Tucker is entitled to receive an annual base salary of \$481,000 and an annual target bonus equal to 50% of his annual base salary based upon our board of

directors' assessment of Mr. Tucker's performance and our attainment of targeted goals as set by the board of directors in its sole discretion. This employment agreement also contains provisions related to a confidentiality, inventions assignment, non-competition and non-solicitation, pursuant to which Mr. Tucker agrees to refrain from disclosing our confidential information during or at any time following his employment with us and from competing with us or soliciting our employees or customers during his employment and for 12 months following termination of his employment.

Mr. Tucker's second amended and restated employment agreement provides that, in the event that his employment is terminated by us without "cause" or by him for "good reason," subject to the execution and effectiveness of a separation agreement and release, he will be entitled to receive (i) an amount equal to (x) 12 months of base salary plus his average target incentive compensation received for the three preceding fiscal years, payable on our normal payroll cycle if such termination is not in connection with a "change in control" or (y) 18 months if such termination is in connection with a "change in control," and (ii) reimbursement of COBRA premiums for health benefit coverage for him and his immediate family in an amount equal to the monthly employer contribution that we would have made to provide health insurance to Mr. Tucker had he remained employed with us for up to (x) 12 months following termination if such termination is not in connection with a "change in control" or (y) 18 months if such termination is in connection with a "change in control." In addition, if within 12 months following a "change in control," Mr. Tucker is terminated by us without "cause" or he resigns for "good reason," all time-based stock options and other time-based stock-based awards held by Mr. Tucker will accelerate and vest immediately.

This employment agreement supersedes an offer that was effective as of June 18, 2014. Ms. Nokes also entered into a Nondisclosure, Noncompetition, and Assignment of Intellectual Property Agreement, on June 26, 2014 (the "NDA"). The NDA is unamended and unaffected by the employment agreement and remains enforceable and in full effect in accordance with its terms.
